ATTENTION : HIMAL

We would like to thank you for inviting our children to your function. We really appreciate your thinking of those young ones who have suffered abuse, neglect or abandonment, and it is heartening to know that there are people like yourselves who care enough to help us make a difference to their lives.

At Othandweni we are committed to providing a warm, loving and nurturing environment for children in need. While some are newborn babies who have been abandoned, and who may be HIV positive, others have suffered physical or sexual abuse or prolonged and severe neglect. We work to help them overcome their trauma and their fear, and we help them to regain their confidence and self-esteem, and to understand how special they really are.

Rebuilding children's lives is costly, but we know that it is worth every cent it takes. It is with this in mind that we very much appreciate your concern and support, and we can assure you that your donation will help significantly to make all the difference to those little ones at Othandweni, who do not ask much, but to be loved and wanted.

With our grateful thanks and very best wishes.
Yours sincerely
